What is Crowd Funding ?

Crowd funding refers to collection of funds from multiple investors via web-based platform or social networking site for a definite objective. Such objective could be projects a community based social or co-operative initiative or a business venture. Small financial contributions from number of persons cumulatively may fulfill the fund requirements of the Investee who otherwise lacked access to such funds. These contributions are sought through an online crowd-funding platform or via social media. Donation / Social Lending Crowd funding: This is a legal form of Community crowd funding where contributions are made as donations without any motive of any return.. Reward Crowd funding: This is also a legal form of Community crowd funding where funds are remitted with the objective to receive future or existing tangible reward.
